Dear Dads

Dear Dave & family

Just found your letter & read it again
Sorry I'm so slow to answer. Thanks for
writing enjoyed your letter.

I am feeling pretty good only my back
is giving me some trouble. Can't walk very
far without my walker. So I don't go
out very much. I have osteoporosis, have
had it for years it gets worse as you grow
older. I have some pills I take it helps the
pain.

We have had a cold spring & a lot of rain
so the farmers around here just got their
grain planted. Today it reached 70° for the
first time. So we must pray for a crop
if the farmers don't make it we won't
either.

It's Monday morning Memorial Day
so we have another holiday. Our activity
director don't work so not much to do
here. It's a beautiful sunshiny day. The
flowering Crab trees look just beautiful
out side my window. All pink flowers
we are looking forward to seeing your
father & Harvey on July 4th. Hope we will
have real nice weather. Dianne has been real
busy lately. The trucks are full of corn every
day for them to clean. His son & son in
law works with him.
was so nice to see you Dave. Hope to see

you again soon. Glad your Grandma

are young or old. ^{Hand-Craft} We have a wonderful
